

FEB. 12 - 14, 2019

SHOW TIMES

Tues., 10 A.M. - 5 P.M.

Wed., 9 A.M. - 5 P.M.

Thur., 9 A.M. - 3 P.M.

Georgia World Congress Center

285 Andrew Young International Blvd NW

Atlanta, Georgia USA

Meet Phileo Hall A2 -1955 at world's largest trade show for poultry, meat and feed Industry

The International Production & Processing Expo (IPPE) is the world's largest annual poultry, meat, and feed industry event of its kind. Phileo is pleased to invite you to discover in person how their newest innovation, **Microsaf®** - the new generation multi-species bacteria probiotic in poultry, can improve your poultry business.

Microsaf® will be officially launched by **Phileo Lesaffre Animal Care** at IPPE in Atlanta, giving the poultry professionals an exciting new route to improved feed efficiency and growth performance.

This new product is based on a unique combination of three selected Bacillus species, carefully chosen to produce improvements in feed efficiency, alongside their potential to inhibit major poultry pathogens including *Clostridium perfringens*.

The impact of **Microsaf®** is also enhanced by the 3 -patent Germination Optimization Technology (**GO Technology®**), a new process designed to promote faster and stronger Bacillus spore germination. This maximises the product's impact within the short transit time of 4-5 hours, which applies to most chickens.

SAVE THE DATE

Feel like a NASCAR champion,

visit the Phileo booth and test your racing skills!

If you don't have access to track days, but still want the experience, trust the Phileo Go Technology Race Simulator. Designed to elevate the experience of going fast, real fast. Often dreaming of the chance to play race car driver? Hall A2 - booth 1955 is the place to be.

GO FASTER STRONGER

Let the science convince you!

2019 INTERNATIONAL POULTRY SCIENTIFIC FORUM FEBRUARY 11 – 12

The International Poultry Scientific Forum, co-located with IPPE presents information on industry topics such as environmental management, nutrition, physiology, pathology, processing and products, and avian diseases. We are pleased to invite you to follow with us 2 oral presentations & 2 posters on the results of our innovative scientific research.

In-vitro evaluation of a novel 3 strain Bacillus probiotic.

Tom Hashman¹, TJ Gaydos², Tadele Kiros², Alain, Riggi³.

¹Envera, West Chester, PA, USA.

²Phileo – Lesaffre Animal Care, Milwaukee, WI, USA.

³Phileo – Lesaffre Animal Care, Marcq-en-Baroeul, France.

Presented by Rober Kemperman³ (Presentation Number T188 and will be presented on 2/12 2019 at 8:45:00 AM in B315)

Effect of supplementation of Bacillus-based probiotics on broiler growth performance

Alain Riggi², Anis Hedhli², Ruth Raspoet², Doug Currie¹, Eric Auclair², Tadele Kiros²

¹Roslin Nutrition Ltd. Gosford Estate Aberlady, Longniddry, Scotland.

²Phileo - Lesaffre Animal Care, Marcq-en-Baroeul, France.

Presented by TJ Gaydos² (Presentation Number T192 and will be presented on 2/12 2019 at 9:45:00 AM in B315)

Performance of broilers fed diets supplemented with an experimental direct-fed microbial in the presence of a moderate Clostridium perfringens challenge in a 42-day floor pen trial

M. D. Sims¹, T. J. Gaydos², T. Kiros³, Ruth Raspoet³, E. Auclair³, and D. M. Hooge⁴

¹Virginia Diversified Research Corporation, Harrisonburg, VA, USA;

^{2,3} Phileo Lesaffre Animal Care, Milwaukee, WI, USA and Marcq-en-Baroeul, France;

⁴Consulting Poultry Nutritionist, Pleasant Grove, UT, USA

Evaluation of the effect of three probiotic products to control Clostridium Perfringens induced necrotic enteritis in broilers

Charles L. Hofacre¹, Anis Hedhli², Ruth Raspoet², Eric Auclair², TJ Gaydos³, Tadele Kiros³,

¹Southern Poultry Research Group, Athens, Georgia.

²Phileo - Lesaffre Animal Care, Marcq-en-Baroeul, France.
